

Cleveland Marshall - Councillor Candidate - Ward 13

We have an exciting opportunity to reverse the last four years of problems we have had in our community and to build a safer neighbourhood that WE CAN be proud of.

Website: www.ClevelandMarshall.ca

Dear Neighbour,

For a number of weeks, I have listened to you, the Residents in our Neighborhoods.

From the Esplanade, St. James Town, Cabbagetown and St. Lawrence, and you have shared your concerns and regrets of the past four

years including the renaming of Yonge and Dundas Square to Sankofa Square (of which the community wasn't consulted), a lack of investments in city parks and recreational areas, and the numerous potholes etc...

After campaigning and knocking on doors over the past weeks, I know that constituents feel that city council is out of touch with our neighbourhood.

I will represent you and present your concerns when you elect me as your councillor

Cleveland Marshall

A Proven Leader

- Good listener
- Always do my homework
- Common sense moderate thinker to get this community moving again

Cleveland is a Toronto resident for over 28 years and was a candidate for Mayor of Toronto in the 2023 by-election. He started his career in management consultation with Touche Ross & Co. and founded The Calvin Partners International, operating for 3 decades within financial markets in both Canada and the United States.

The Plan

I would like to represent this neighbourhood for the next 4 years.

If you elect me to be your voice as city councillor for Toronto Centre - Ward 13, the issues I have been told to address are:

- fast tracking of affordable housing
- Infrastructure - fixing the damn potholes
- Public Safety - increase presence of police officers in our neighbourhood
- changing the name of Sankofa Square to a name more meaningful to our community

We will take a **BALANCED COMMON SENSE APPROACH** to these issues from the **CENTRE-RIGHT**

WE ALL BELONG!

VOTE: Cleveland Marshall – Councillor for Ward 13 – Toronto Centre
